25X1 4. [] [] CA Staff, called to say he 25X1
had received a report from the State Department concerning State's contact
25X1 with Representative John J. Rooney regarding Radio Liberty (see Journal
of 17 July). [] was informed that when Rooney was given an open
brochure on Radio Liberty he asked two questions. One was whether State
Department funds were involved and the other was what the State Department
thought of Radio Liberty. Rooney was advised State Department funds were
not involved and that the Department feels Radio Liberty was serving a very
useful purpose. State will keep us informed in the event Rooney shows any
further interest in this.

25X1 5. [] Talked further with Jack Leahy, State 25X1
Department, concerning Representative Edna Kelly's request for information
on Soviet oil penetration in Europe and information on []. After
checking on this, Leahy advised me that State has briefed Mrs. Kelly in
depth on this subject and that Assistant Secretary Dutton and Assistant
Secretary McGhee have personally talked with her about it. Mr. Leahy
suggested that since we would like not to become involved with Mrs. Kelly
on this, we advise her that all CIA information on this matter has been made
available to the State Department which, we understand, has in turn been
made available to her and that we would have no further information to give
her other than that already provided. We will consider approaching Mr.
Garnacki, House Foreign Affairs Committee staff, who approached us on
Mrs. Kelly's behalf on this basis.

25X1 6. [] After numerous conversations with Mr. Gillead, 25X1
DOD, and a talk with Mr. Frank Bartimo, Assistant General Counsel, Man
Power, regarding the request from the Joint Committee on Atomic Energy
for the portion of SNIE 11-14-61 relating to nuclear testing, the matter was
taken up with General Carter who agreed with Bartimo's request that he be
permitted to show to the Committee or the Committee staff an extract of sections
19 through 23 of the estimate. During the course of the day, a number of
factors became known including the fact that the President sent to Senator
Clinton Anderson on 9 July a letter saying that Mr. McNaughton, General
Counsel of DOD, would provide the Committee with such information as was
appropriate concerning Defense's investigation of []
